

## CHARLES R. CRANE FORCED TO RESIGN

### Secretary Knox in Interview Declares That Minister to China Talked Too Freely to Newspapers of Jap-Chino Situation.

Washington, Oct. 12.—The State Department this afternoon announced the resignation of Charles R. Crane of Chicago as Minister to China.

In a formal statement to the press Secretary of State Knox says:

"I have reluctantly reached the conclusion that the good of the service demands that I should inform Mr. Crane that his resignation will be accepted and I have done so."

Secretary Knox has sent a dispatch to President Taft announcing his decision. The reasons for the action of the Department are the newspaper stories recently printed concerning affairs of the Orient. The secretary says of this in his announcement:

"The Department of State has been engaged for some time in making a study of the relations of China and Japan with a view of determining whether there is anything in the agreement adversely affecting American interests."

While this investigation was proceeding Mr. Crane, the minister to China, gave out a newspaper story to the effect that this government was preparing to protest against some features of the agreement and that the promulgation of the protest only awaited the return of an official who was to formulate it. The story appeared in a Western paper and in the Japanese press. It subsequently was generally published. I sent Mr. Crane a copy of the following telegram, October 3:

"You have been charged with the responsibility for the canards recently appearing in the Japanese and American press to the effect that the United States is preparing to protest against the Chinese-Japanese agreement."

"At a conference with Mr. Crane Sunday evening he admitted having an indiscreet talk with a newspaper reporter which resulted in the publication of the above mentioned statements, stating that if the indiscretion was grave enough to shake my confidence in his usefulness he would willingly resign. I have reluctantly reached the conclusion that the good of the service demands that I should inform Mr. Crane that his resignation will be accepted and I have done so."

## BOYCOTT CASE OF DANBURY HATTERS ON

### Called Before Judge Platt in United States District Court

### Two Bridgeport Lawyers, Davenport for Plaintiffs, DeForest for Defendants.

Hartford, Oct. 12.—The case of D. E. Lowe and Company and Martin Fuchs, Danbury hat manufacturers, against Martin Fuchs and 439 other defendants for \$250,000 damages, brought under the provisions of the Sherman anti-trust law involving the boycott principle, was called before Judge James P. Platt in the United States District Court today.

The case is one of the most important of its kind ever filed in this country as its decision will involve a direct test of the constitutionality of the law. It is probable that the remainder of the day will be consumed by counsel for both sides in reaching an agreement as to competency of the jury. The examination of witnesses will probably be begun tomorrow morning.

The plaintiffs allege that defendants, all members of the United Hatters of America, ruined the business of the Danbury concern by employing means to boycott their goods. In destroying the court this morning prior to the work of selecting a jury, Attorney Walter G. Merritt, of New York, who with Daniel Davenport of Bridgeport, is representing the plaintiffs, charged that the defendants employed traveling men in all parts of the country to influence independent firms to put the ban on the defendants' goods. The defendants are represented by John K. Beach of New Haven; Honorable John M. Light, New York; and Taylor, Fenner and Company, New York, and Ex-Congressman Robert B. De Forest of Bridgeport.

## SWEDISH STRIKERS STARVING

### Dynamite Scattered Along the Street Car Tracks

(Special from United Press.)

Stockholm, Oct. 12.—Dynamite and starving strikers of whom there are 60,000 in Sweden, are believed to be on the verge of "terrorist reign" in Stockholm and to be responsible for a number of dynamite outrages that have been attempted in the last few days.

Within the last 24 hours the police have picked up five boxes of explosive from the street car tracks, thereby saving the city from a serious explosion. Dynamite charges with fuses attached have also been found in or near a number of public buildings. Several of the government buildings have been thus threatened. Every government building and other public building of consequence is now under a special guard.

Until the last few days the strikers had not engaged in any violence but their condition has grown so desperate that they can no longer be held under repression. The government is again being importuned to force the big manufacturers to furnish employment for the hundreds of thousands of unemployed work for their employment.

## MURDER CASE IN WATERBURY

Waterbury, Oct. 12.—The case of Frank Mastrobuono, charged with murder in the first degree of George Barberi, on August 18, last, was called before Judge Shumway in the superior court today. The case is a crowded government work for their employment.

Until the last few days the strikers had not engaged in any violence but their condition has grown so desperate that they can no longer be held under repression. The government is again being importuned to force the big manufacturers to furnish employment for the hundreds of thousands of unemployed work for their employment.

## THREE LIVES PAY PENALTY FOR MURDERS

### Chinamen Die in Electric Chair at Charlestown Prison— on Early Today

### Crime for Which They Suf- fered Was Participation in Tong War Two Years Ago

(Special from United Press.)

Boston, Oct. 12.—In just 23 minutes three Chinamen, Hom Woon, Min Sing and Leong Gong, paid the penalty of Tong murders here early today when the lives of all three leaped out under the electric chair in Charlestown prison. At 7 minutes past 12, Hom Woon, the first to die, started his death march to the chair. Before 12:30 all three were dead.

Not one of the three Chinamen made any resistance of note. Hom Woon when fastened into the chair stiffened his body and was pressed back between the fatal arms. The other two resisted not at all and all three died without a word.

The crime for which the three died today was participation in a Tong war here August 2, 1907, when several Chinamen all members of the On Leong Tong, were killed: Lee Kai Nom, Chin Leet, Chin Mon Quin and Wong Shu Hong. Ten members of the On Leong Tong were arrested and nine indicted for murder and sentenced to the chair. One Wary Charles, an Americanized Chinaman with a college education and an American wife, was indicted as being an accessory before the fact. Of those indicted Yee Wat died while the trial was on. Dong Bok Ling, Wong How and Wong Duck have been granted new trials. The case against Yee Yung was not pressed. Wary Charles, Yee Wat, who were sentenced to the chair, during the week beginning October 17, have been given a sixty day respite by Governor Draper.

The case was interesting in the following features: It was the largest number of convictions in a capital case in the history of Chinamen in this country. It was the first time in New England that sentences of death was pronounced on five men at one time. There were two trials. The first lasted five days and ended in mistrial on account of illness of a juror. The second lasted thirty-three days. The expense to the state was a total of \$12,000. The cost of the defense was about \$10,000.

## PHANTOM AUTOIST IN THE TOILS

(Special from United Press.)

New Haven, Oct. 12.—The "Phantom Autoist" who has been riding about the cities of the state in his automobile, for the purpose of two or three days styling himself a detective, was taken into custody here this morning by local officers who turned him over to a Hartford detective for return to that city. The man gave his name as George Wilson, said to be from Wilton Station, Conn. He was taken to Hartford at 10 o'clock this morning.

Wilson was caught in a motor car on the highway between New Britain and Hartford. According to the police the man started from Danbury on Sunday where he had a distinct motive to take him to Bridgeport. On arriving at the latter place he left the driver and took a machine for Hartford, when he went to Britton's garage and hired another machine. The machine is also said to have been seen in Meriden.

## TWO NOTED CHRISTIAN SCIENTISTS WHO IGNORE BOSTON EDICT

Despite the edict of the mother church, as the First Christian Science church in Boston is known, Mrs. Augusta E. Stetson, reader of the First Christian Science church of New York city, continues to occupy her position. It is believed by Christian Scientists, both in Boston and New York, that a crisis in the affairs of the organization is near at hand and that legal steps soon will be resorted to. To further complicate the situation Mrs. D. M. Gilbert, who has asserted that Mrs. Eddy is completely in control of certain of her followers and does not control and direct the affairs of the church herself, has started a new church in New York. Meetings are held in the fashionable Hotel Gotham, and the congregation includes some of the wealthiest and most influential Christian Scientists in the metropolis.

## SEVERAL HUNDRED LOSE LIVES IN STORM THAT SWEEP SOUTHWEST COAST

### Thousands Homeless and Countless Houses in Ruins in Key West District—Soldiers Ordered to Shoot Looters

### Most Conservative Estimate Puts Pecuniary Loss at \$3,000,000 and Wireless Messages Say It Is Doubtful If 3,000 Covers Life Loss.

(Special from United Press.)

New Orleans, Oct. 12.—Wireless messages from Tampa, the nearest point of communication from the hurricane swept district of Key West to-day convey the intelligence that several hundred people have lost their lives in the storm which has swept the southeast coast. To-day in addition to the dead thousands are homeless, hundreds of houses are in ruins.

Soldiers have been ordered to shoot looters who began their work of pillage before dawn to-day. Lawless fishermen and cigarmakers from adjacent islands who were warned to take refuge in the city when the storm began started a raid on what was left of the gale-ravaged homes. The city is under martial law and the Key West guards are doing what they can to preserve order. There is no great loss of life in Key West proper.

It was on the unprotected islands on the outskirts of the city where the gale drew its heaviest death toll. Along the coast giant waves swept over the islands catching the inhabitants and hurling them into the sea. There were no high places affording haven and refuge.

The islands are practically flattened, the twenty foot waves that hissed over them, sweeping them clean of all objects. The most conservative estimate of pecuniary loss is \$3,000,000. It is doubtful if 3,000 will cover the life loss.

While warning was given the inhabitants along the Florida coast, the West Indies and the Florida Keys, little could be done, save to make fast the ships in the harbors. When the first of the hurricane struck the city it was apparent the storm would be one of almost unprecedented severity. The wind gained a velocity of 60 miles an hour, then 80 and occasionally spurts of 100 miles was attained with awful results to life and property.

Houses in exposed places quickly gave way, collapsing and pinning the victims beneath the ruins. Terrible as the storm was its worst phases were not reached until 5 o'clock last night. The situation as far as Key West was concerned, was well in hand. The Key West guards were ordered out to the city, martial law was proclaimed and appeals made both to the state and Federal government both for troops and aid.

While reports are still most meagre from the New Orleans and the stricken district the news from the Keys, where a great amount of road work was under way, is to the effect that a large number of lives were lost there. While shipping in the southern parts was taken care of because of the warning given by the weather bureau of the approaching storm, it is feared that many steamers were caught in the open sea and heavy loss of life and ships is feared. Two steamers should have reached port Monday, but up to last night nothing had been heard or seen of them.

Other steamers in the New York, New Orleans trade are also feared to be victims of the hurricane. Among them is the Monius, with a large number of tourists on board. As yet no communications have been received from any of the many boats known to have been caught in the storm.

## NEW TOWN BAD MAN ESCAPES

### While Carrying Cement for Jail Contractor Bahan Takes Leg Bail

### Fear in Family of Constable Cavanaugh, Whom He Has Threatened With Fire- arms.

How are you fixed for Christmas? It's coming, you know. Here's a chance to stock up. Sheriff Sidney E. Hawley has offered a \$100 reward for the return to the North Avenue jail of John Bahan who escaped from those confines about 5 o'clock yesterday afternoon. Bahan is serving a sentence of 15 months received in the September term of the Criminal Court for assault with intent to kill. The prisoner was working in the jail yard, carrying cement for the concrete blocks from the quarry to the "block" house. While on one of these expeditions he took it into his head to run. A lively chase resulted. Bahan outdistanced his pursuers. He took to the path from the jail into North Avenue and then went westward. At one time one of his pursuers was at least ten feet from him, but Bahan was better winded and evaded capture. His pursuers lost track of him when he dodged into Bahan's escape last evening, and he was seen to enter Bahan's home in North Avenue, where a short time ago he created quite a little stir. He has a cousin Constable James Cavanaugh, who lives in North Avenue. Bahan visited the Cavanaugh household in quest of the house where Bahan was carrying a gun and looking for his gun. The housewife was too wily for Bahan and took the shot out of the gun, and Bahan was seen to enter Bahan's home in North Avenue, where a short time ago he created quite a little stir.
